

two of them, in Afghanistan. We have this other little thing that we are calling, which is a big issue, \$724 billion in the prescription drug plan, and then we also have, and I must add, this supplemental. We have an \$80 billion supplemental that is coming before us, and the Department of Homeland Security to protect the homeland is only \$40 billion. So when we look at it in the big scheme of things, sheriffs, mayors, elected officials on the local level, they are looking for the dollars to come down, and they can see where they fall as it relates to receiving their fair share of protecting the home front.

Ms. WASSERMAN SCHULTZ. Mr. Speaker, will the gentleman yield?

Mr. MEEK of Florida. I yield to the gentlewoman from Florida.

Ms. WASSERMAN SCHULTZ. Mr. Speaker, actually what I want to close with is I want to quote the President because the President has said that leadership means not passing problems on to future generations and future Presidents. And I take him at his word, and I am hopeful that we do not go forward with this proposal because this plan to privatize Social Security flies in the face of his stated belief that we need to exercise some leadership and make sure that Social Security is preserved into the future for our generation and for our children's generation. And I look forward to working with both gentlemen.

Mr. RYAN of Ohio. Mr. Speaker, will the gentleman yield?

Mr. MEEK of Florida. I yield to the gentleman from Ohio.

Mr. RYAN of Ohio. Mr. Speaker, I hope we continue this discussion. It is nice because it is not a 30-second ad. We can actually talk about the facts and get into a little more discussion.

I want to do this before we go. If there are any 30-somethings or 40-somethings or 20-somethings or anyone out there who wants to e-mail us, it is 30somethingdems@mail.house.gov, or they can get us on our Web site democraticleader.house.gov/30something, but they can send us an e-mail if they have any comments or stories that they want us to share, and we will pick a few next week and maybe read them on the House floor here.

But I think it is important that we recognize that this is long term and bad for our generation for all the reasons that we stated and I think most significantly \$5 trillion that we have to borrow primarily from the Chinese.

Mr. MEEK of Florida. Mr. Speaker, it is always a pleasure coming to the floor. We want to thank the gentlewoman from California (Ms. PELOSI), and we appreciate the opportunity to address the House.

Ms. CARSON (at the request of Ms. PELOSI) for today on account of personal reasons.

Mr. FARR (at the request of Ms. PELOSI) for February 17 on account of a family emergency.

Ms. MILLENDER-MCDONALD (at the request of Ms. PELOSI) for today and part of March 2 on account of congressional business in the district.
